# The Top 3 Reasons why the MR-750™ Ramp is a great choice for your box truck!

## 1. Fast, Safe, and Easy

The MR-750™ loading ramp for box trucks makes loading lawn equipment, tools or cargo *fast, safe and easy*.

## 2. One Person Operation

The spring-loaded, folding design of the MR-750™ loading ramp allows *anyone* to *quickly* raise and lower the ramp.

## 3. Strong and Wide

Install two MR-750™ loading ramps side-by-side for a **1500 lb.** weight rating and up to an 8 ft. wide ramp platform.

## 3 Ways to Save on Shipping Cost!

1

Ship to a commercial address and have a loading dock or forklift available to unload the ramp pallet, OR

2

Pick up the ramp at the nearest FedEx Freight location, OR

3

Come pick up the ramp at our shop: 1610 Peach Parkway, Fort Valley, GA 31030

# Measuring Your Box Truck to Ensure the Best Fit for Your MR-750™ Ramps!

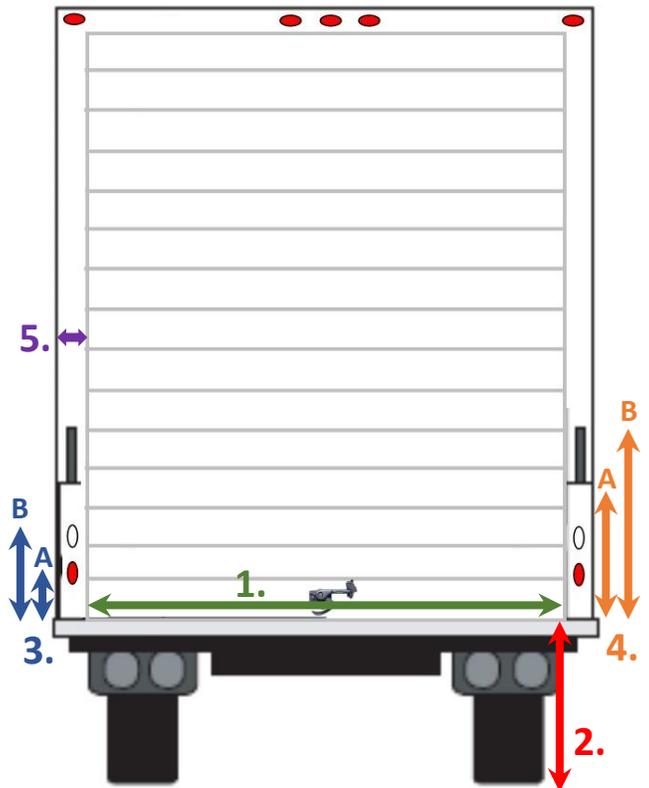

Please provide the following measurements and information so that we can help you select the best fitting ramps for your box truck! For additional instructions, watch the measurement guide videos at: <https://superboxtruckramps.com/faq>

1. Measure the interior door opening width \_\_\_\_\_ inches
2. Measure the height from the ground to the top of the floor of the truck (cannot exceed 40") \_\_\_\_\_ inches
3. Are the tail/reverse/brake lights on the back of your truck under the body? YES \_\_\_ NO \_\_\_
  - If your rear lights are on the vertical door frame post, measure from the top of the floor to the bottom of the light assembly (3A) and from the top of the floor to the top of the light assembly (3B). \_\_\_\_\_ inches to bottom (3A)  
\_\_\_\_\_ inches to top (3B)
4. Are there any grab handles on the rear of your truck? YES \_\_\_ NO \_\_\_
  - If there are, measure from the top of the floor to the bottom of the grab handle (4A) and from the top of the floor to the top of the grab handle (4B). \_\_\_\_\_ inches to bottom (4A)  
\_\_\_\_\_ inches to top (4B)
5. Measure your Outpost. (interior door opening to outside of box) \_\_\_\_\_ exact inches

## Recommended MR-750™ Ramp Sizes Based on Interior Door Width

Interior Door Width	Recommended Ramp Size
82" – 84"	1 set (left and right side) of 39.5" ramps
85" – 87"	One 39.5" ramp AND one 43.5" ramp
88" – 90"	1 set (left and right side) of 43.5" ramps
91" – 97"	Custom Set Needed
Less than 82"	Custom Set Needed

\*\*\*Please note: MR-750™ Ramps are NOT intended for use with 3-wheeled mowers or machinery, and not recommended for fiberglass bodies like Unicell.\*\*\*
